Reflections on our 60th Anniversary
Adapted from the homily for the occasion.
Very Rev. Jack Pereira, V.G.

Throughout the Bible, the Lord reminds people to tell all generations of their LORD’S wonderful works. Part of what that means for us as individuals and churches is that we must preserve the memory of how God has worked in our lives. A church that has a strong sense of its history will have a better sense of identity to build on for the future.

Periodically, each church takes a look back to rediscover how their church came into being, what its early ministry was like, and how it has grown and changed over the years.

Such a celebration gives individual members the opportunity to join together in focusing on the church as a body of believers who have been blessed by the Lord. It can also be a wonderful time to benefit from the gifts of the people. And it’s an occasion for church members of all ages to tell and hear stories of the past and present days of the church.

Today we gather in joy and with a certain spiritual pride, to celebrate the 60th Anniversary of the Foundation of the Parish which was opened on May 1, 1953 by Bishop F. J. Caroll, Bishop of the Diocese of Calgary.

This Church was built as an extraordinary act of faith and confidence in God and in his faithfulness to his people. This Church building was a sign of hope in a better future.

The building is still today a witness to the spirit of community which contributed to the planning and construction of this Church.

Today society has changed but the fundamental needs and values which build society and keep society together have not changed. This is all the more reason for us to celebrate today the values that have belonged to the history of this community and have enriched it for six decades.

History is made up of continuity and change. Change can provoke anxiety and resignation. In times of change and continuity we need to rekindle that strong community-spirit which has been a mark of this community.

We give thanks to God for all the blessings He has bestowed upon St. Anthony’s Parish. We are thankful for the strong foundation that was laid by our forefathers and mothers in the gospel, who labored hard and long. We have truly come this far by faith, and by faith we will accomplish all that God has destined for us.

Our Parish Stewardship Prayer

Gracious and Loving God, we have gathered as a community to listen to your Word, and to share in the Eucharist.

May your eternal Word and the living Eucharist transform us into good stewards of your abundant blessings, and teach us to open our hearts to the needs of the Church and to the voices of the poor.

Watch over us with loving care, and help our parish to grow in faith, hope and love.

Fill your Church with generous hearts that also respond to your call to the priesthood and religious life.

We ask this through Christ our Lord.

Amen.

My Dear Brothers and Sisters of St. Anthony’s Parish

The 60th Anniversary of St. Anthony’s Parish presents us with a wonderful opportunity to re-discover our sacred history: to probe and celebrate our identity as a “Eucharistic People”; and to accept the catechetical challenge to hand the faith on, especially the Eucharist as Christ’s presence and gift to the world, to the next generation.

As you recount and mark the history of your parish, you honour the memory and good deeds of your ancestors in the faith and give to the rising generation of parishioners a testament to the past as well as to the future.

The essential mission of the laity is to imbue the culture with the mystery of the Eucharist as this mystery is hosted by their consciences and expressed in their just and loving commitments to family, education, government, health care, business, the arts, etc.

Cardinal Archbishop Francis George of Chicago once said: “The greatest failure of the post-Vatican II church is the failure to call forth and to form a laity engaged in the world politically, economically, culturally and socially, on faith’s terms rather than on the world’s terms. If... we paid less attention to ministries... and more on mission... then we might recapture the sense of what should be genuinely new as a result of the Council.”

Evangelizing culture relies on a deep insight into the mysteries of our faith. Evangelizing culture is ultimately a contemplative activity. We need to become a people desirous of intimacy with the living Christ and not simply possess knowledge about Him.

I sincerely hope and pray that your celebration of the past 60 years will not only strengthen your sense of mission but also deepen your awareness of the Lord’s personal love for you.

Wishing you all the best, I remain,

Sincerely yours in Christ,

* F. B. Henry
Bishop of Calgary.
